

Eau Claire Tower

Location: Alberta

Market Sector: Commercial Office

Delivery Method: Bid and Spec

This new 25-storey office tower is situated in the prestigious Eau Claire district of downtown Calgary. The tower is connected to Calgary's Plus 15 network for rapid, year-round access to dozens of office and retail destinations.

We provided all plumbing, HVAC and fire protection during construction. The building features a state-of-the-art design, including over 2,800 active chilled beams and 11,500 feet of perimeter radiant heating throughout tenant spaces to provide superior occupant comfort.

The Eau Claire Tower is targeted to be a LEED® Gold certified development, ensuring sustainability through excellence in design.
